EXPERIENCE

Product Design Intern

Facebook | May 2017 - August 2017

I worked on the talented Messenger design team at Facebook. My primary role was to improve real time chat experiences on the video chatting feature on Messenger. I concentrated mainly on UI/UX design as well as prototyping and design research,

UI/UX Designer

TribalScale | June 2016 - April 2017

My primary role is concentrated on UI/UX as well as the exploration of emerging IOT devices, user testing, and prototyping for web and mobile platforms. I worked on projects with Bell Mobility, Bloomberg, Helpful and AirFind.
